STORY REFLECTION

Have you read the story yet? You can find the link to it on our website.

In our story we heard about how God wanted to start afresh because his beautiful world had be ruined by people doing bad things.

Being stuck inside that boat must have been very difficult for Noah and his family but he knew that it would mean he would be safe during the flood because he had trusted in God.

Maybe you are finding it a bit hard that you are having to stay inside at the moment due to Covid-19 (Coronavirus) or maybe you're feeling a bit sad or worried.

Is there someone you could talk to about how you're feeling or maybe you could say a prayer to ask God to help you.

RAINBOW PROMISES

We also heard about how God painted a rainbow in the sky as a reminder of his special promise to Noah that he would never let a flood destroy the world again.

Children all around the world are colouring, painting and crafting rainbows and placing them in their windows as a sign of hope during this difficult time.

Perhaps you could do our craft on page 2 and colour in a rainbow to place in your window at home.

FAMILY TIME!

Lets play a game of pairs!

Print off the animal cards on pages 3 and 4. Mix up the cards and place them face down in a square. Take in turns to turn over two of the cards and see if they match. If they do then that person will get to 'keep' that pair. The person with the most pairs at the end of the game wins.

CRAFT TIME!

Rainbow Craft

Decorate, colour or paint the rainbow on page 2 to make it bright and colourful and place it in your window as a sign of hope for the future.

We would love to see your rainbows. Ask an adult to take a photo and email it to: team.leader@cswh.co.uk

ORIGAMI TIME!

Watch the video on our website to learn how to make an Origami boat.

(For Ages 7+ with an adults help.)
